

George School 2020-2021 Schedule

updated 9/17/2020

Odd and even classes alternate approximately every three to four weeks between meeting in the green blocks (when they're said to be in "daily" mode) and the blue blocks (when they're said to be in "weekly" mode). All students, whether on campus or distance learning, attend the daily mode classes online. Classes in the weekly mode are attended only by on-campus students.

MFW, Assembly, Gathering, and Collection are all done in a hybrid format and are required of both on campus students and distance learners. Should we need to go fully online, they would continue to be required on the same schedule. Note that Arts Groups are *not* all arts classes. The IB Arts Seminars will use this time as will some other arts requiring regular or occasional group meetings.
