

**PARENTAL CONSENT FORM**

*Please fill out a parental consent form for each trip for which the student submits an application. This form is required for pre-approval for course registration in February (this does not guarantee the student a spot in the course, but simply signifies parental consent to register with an understanding of the student and family expectations that come along with registration for these courses).*

**Student Name:** \_\_\_\_\_

**Student Class Year:** \_\_\_\_\_

By signing this form, I am indicating that my child, \_\_\_\_\_, has  
*Student name*  
my permission to register for the course with a travel experience to \_\_\_\_\_.  
*Location*

I understand that there is an additional cost associated with this course and that financial aid is only available to those families already receiving financial aid from the school. Additionally, I understand the timing of course related travel, and that it may impact my child’s ability to participate in other school activities and events. We have discussed this, and agree about the importance of prioritizing the travel experience integrated into this course. Finally, we understand as a family that in order to participate in a course with international travel, my child will need a passport, and we agree to secure necessary travel documentation promptly for the purposes of travel planning. We also agree to the required immunizations that may be necessary, and understand and accept the risks inherent to any off-campus travel experience.
