BEYOND  
THE  
NUMBERS

**Celebrate multifaceted  
diversity** and prepare  
for an ever changing  
world within a global  
community.

**Our faculty are  
Fulbright award  
recipients, published  
authors, and working  
artists** who choose to  
work at George School for  
the opportunity to mentor  
students in a community  
of shared values.

**Forge your own path**  
with our Signature  
Academic Program.  
Accelerate your  
coursework, double up in  
an area you're passionate  
about, or explore a new  
discipline. With help from  
our faculty, you design a  
pathway to prepare your  
next chapter.

**Whether you're an  
athlete, artist, or  
interested in learning  
something new**, you'll  
find your place at GS.  
Plus, on weekends you'll  
explore historic Bucks  
County and Princeton,  
or spend a day in  
Philadelphia or New York.

**Citizenship and service**  
have always been a critical  
part of a GS education,  
with local and global  
academic and service travel  
options.

The best way to experience GS is by visiting our campus,
