

WHAT
Is Student
Life Like
@ GS?

GEORGE
SCHOOL

S'MORES BY THE FIRE. A DAY IN NYC. EXPLORING NEWTOWN. SEEING YOUR TEACHERS AND THEIR FAMILIES AT MEALS OR IN THE DORM. WHETHER YOU'RE A BOARDER OR DAY STUDENT, YOU'RE PART OF OUR RESIDENTIAL COMMUNITY—AND THAT MEANS LIVING AND LEARNING OUTSIDE OF THE CLASSROOM.

At GS, you'll learn and grow with peers from around the world - and around the corner. As a residential community, we believe in the value of living together as we learn. Your teachers are also your coaches, advisors, and dorm parents; they are committed to helping you recognize the light within yourself and that within one another.

Being a part of a residential community is FUN. Day or boarding, you're with your peers in class, on the

field, and on the stage - but you're also with them at meals, before and after study hall, and on adventures like our on-campus ropes course, walks into town, and even day trips to Philadelphia and NYC.

We believe that leadership skills are important for all of us, and that we all create and shape our community.

We have more than 60 clubs, but you can start a new one if you see a need; a committee of students helps to plan weekend activities; student prefects mentor younger students. As a roommate, teammate, and/or classmate, you'll learn so much about yourself by living in community with others.
